# discovery

modular activity table system to support early literacy

LEGO® top

Train track top

Tinker Toy® top

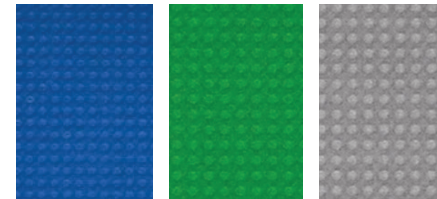

Lightbox top

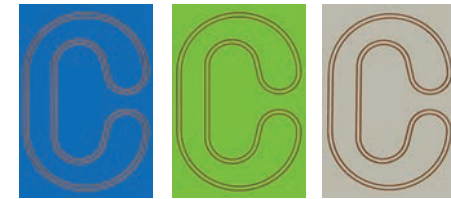

## the power of play

Children are naturally drawn to discovery™ activity tables and the myriad possibilities they present. Discovery™ is a key asset for early literacy programs providing unlimited opportunities for interactive play. With modular components, multiple activity tops, built-in storage and an optional caster base, discovery™ tables are tailored to meet the needs of any learning environment.

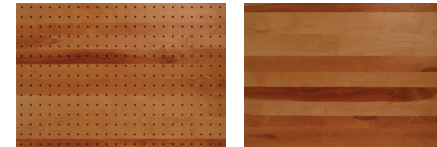

## reversible activity tops

LEGO® and Duplo® compatible top

Train track top

Tinker Toy® compatible top

Lightbox™ LED top (not reversible)

\*smooth surface standard on reverse side of LEGO®, Train track, and Tinker Toy® tops. Combination LEGO®/Train track reversible top also available in blue, green and grey.
