

acrylic display

Present your collections in a way that encourages interest and interaction!

Our acrylic display products provide optimal methods of display and storage of book, AV, and periodical collections. Products are made with crystal clear, cast acrylic for durability and stunning visual merchandising.

magbox

Displays current magazine and newspaper issues prominently with back issues stored just behind. Support dividers keep issues crisp and upright.

Simply place on existing flat shelves or turn slatwall into a beautiful arrangement of clean, attractive merchandising.

magbrowz

Provides face-out browsing for picture and board books, CDs, DVDs, Blu-rays and video games. Our bins and trays convert standard flat shelving into “flip-style” face out browsing instantly!
