## study & conference tables

Aesthetically striking, skware™ offers many great features with a timeless look for endless possibilities in every kind of space. Sizes and finishes are perfectly customizable.

## computer tables

Countless sizes and finishes are available for tables to fit your needs. Available with power, wire management, privacy panels, and more.

## wedge tables (skware legs)

Our most nimble solution for computer tables and study carrels. The unique “soft triangle” shape can be arranged in a variety of configurations to support meeting and conference needs. Optional acrylic shroud offers privacy. Casters allow for mobility.

See also the \*NEW\* wedge table with powder coated steel round legs as a more economical yet very durable option!

## opacs & self check tables

The perfect check out station is possible with customizable sizing, finishes and features. Configure the tech integration, storage, and wire management features that work in your environment.

## occasional tables

Occasional tables turn an ordinary space into an inviting, comfortable reading room. Tables are available in square, rectangle, and round shapes and a variety of sizes and finishes.

## additional features and accessories

- laminate, wood veneer, quartz and solid surface tops
- durable welded frame available in brushed stainless steel or powder coated steel
- privacy screens & modesty panels
- wire management
- surface mounted power
- lighting
