

**2025  
Discovery Mini  
List Pricing**

**General Information:**

Discovery Mini is a complete, self-contained, mobile activity table for pre-school ages. It occupies only 7 square feet of space and comes with four activity play surfaces on two reversible and interchangeable tops. Open storage and optional side bin storage is available to store all your activity components. See product specifications below for more information.

**Discovery Mini Standards:**

Tables are constructed in Baltic birch wood for durability. Edges and corners are beveled and sand softened for safety.

Like the larger discovery table, tops are interchangeable and reversible.

Built-in storage in the lower section of the table for the unused top makes for quick and easy change-out.

6.5 square feet of open storage under the activity surface for easy access of your activity components.

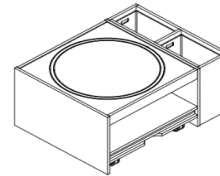

Accessible and locking casters provide mobility and safety.

Optional side bins attach to the table and come with two acrylic inserts for easy access to activity components.

No assembly required
