

2025 Maker Flex Table Specifications

General Information

Maker Flex Tables are durable, functional work tables allowing for flexibility in program spaces. Powder coated steel table bases provide strength and casters provide mobility. Choose either a high-pressure laminate or maple butcher block top, available at a fixed height or as height-adjustable. Nesting/flip top also available. Optional: adjustable glides in lieu of casters. Tables are unassembled and ship flat.

Fixed Height, Laminate Tops

Maker Flex™ Table Fixed Height Standards:

Fixed worksurface 29" or 36" above finish floor (AFF) with casters

(Note: Dimensions are nominal and subject to slight variation.)

Worksurface is 1-1/4" thick MDF with standard laminate surface & edge banding

Standard Laminates are available from Wilsonart, Formica, Pionite and Nevamar

Powder coated base available in Platinum Metallic, Black, White and Silver

Other colors available for 5% upcharge

Locking casters

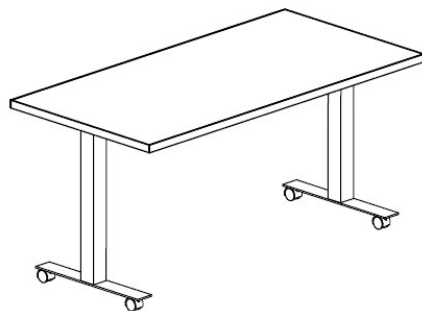

shown with platinum metallic powder coated base
