

zig zag display

Effortless to install & impossible to ignore - displays for standout shelving.

Turn Ordinary Shelving Into a Zig Zag Display for DVDs, CDs, Audio Books, & More!

3branch's zig zag displays are designed to be paired with 3branch's sloped display, or simply slide onto existing sloped shelving. **The stepped, angled layout showcases materials in four compartments that provide maximum visibility of spines with face-out exposure.**

Whether spotlighting paperbacks, CD's, DVD's or audio books, the zig zag display makes it easy for patrons to browse & engage, keeping collection in constant rotation.

Available size:
