

maker flex

Designed for all heights, all abilities, & all makers.

Flexible & Durable for Multi-Functional Spaces

3branch's maker flex tables feature height adjustability, making them **ideal for dynamic spaces that support both seated & standing activities** – & everything in between.

Designed for ultimate versatility, they are **available in fixed height, adjustable height, or adjustable height + flip-top/nesting options**. Whether outfitting a maker space, community room, study or art space, maker flex maximizes convertible spaces without compromising style or function.
